LONG AGO WE LEARNed that a newspaper faces an impossible task in attempting to satisfy ALL its readers.

If an editor calls 'em like he sees 'em, one group will claim that he is blind, biased and prejudiced. Or worse.

And if an editor ignores a situation, he will be charged with not having the courage of his convictions. Or worse.

When a newspaper editorial or news story presents a viewpoint that is not in agreement with the opinion of some people, the newspaper and its editor are often subjected to bitter attacks in which personal feelings are allowed to dominate and thus cloud the issue.

That's a human frailty and you try to live with it.

We have contended in all our years of newspapering that the readers have a right to agree or to disagree with whatever stand a newspaper takes on any issue.

And we do not take it "personally".

By the same token, in our mind, a newspaper editor has the right and the responsibility to make his opinions known without being charged with "being controlled", "inaccurate", "misleading" or "untruthful".

There is NO WAY to satisfy all, when there are two sides to an issue.

But the right to disagree is a two-way street.

-0-

NATIONAL NEWSPAPER Week (Oct. 4-10) is an appropriate time for us to expound a bit on the subject of freedom of the press.

Three hundred years ago all printed matter in this country was regulated and licensed.

But there has been 200 years of freedom for a free press and it is a freedom which offers you a freedom of choice.

Through the editorial columns of a newspaper, you have the freedom to form and choose your own opinions.

But there is no need for hate and vindictiveness, if your opinion is different than expressed in the paper.

But we guess we are sort of dreaming.

-0-

TAKE AS AN EXAMPLE the recent bulletin distributed by the West Valley Federation of Teachers, AFT Local 1953, and signed by Gordon C. Martin, as the Campbell school district's representative.

It was a report of the school trustees meeting when a motion was made to remove the board president. We were "charged" BEFORE any offense, real or imaginary, was committed.

We quote: "We trust the Campbell Press report of the drama will be as inaccurate and misleading as that printed in both the News and Mercury."

Golly, fella, how excited would you get, if a teacher was accused before he made a move.

-0-

THERE IS ONE CHARGE made against us in letters and other means during the past week that we must admit has some merit and we sincerely wish we could do something about it.

We have been criticized for not attending board meetings in the past but "just happened" to be on hand at the meeting when Judy Ruscigno made her controversial motion and we then left before the meeting was over.

We have no defense except to point out, unfortunately, that an operation like the Campbell Press has a limited staff, because of such a matter as "overhead".

We hold that we can serve the community better with our doors open than closed,

FIRST IN CITY'S HISTORY

Referendum vote to take place on Dec. 8

Campbell's City Council next Tuesday, Oct. 13 is expected to schedule the first referendum election in this city's history for Tuesday, Dec. 8.

The Council will meet next Tuesday because Monday, Oct. 12 (Columbus Day) is recognized as a city holiday. The City Council will meet again the following Tuesday (Oct. 20) because on the regular meeting night (Oct. 26) a majority of the councilmen will be attending the annual convention of the League of Cities in San Diego.

City Clerk Dorothy Trevethan this week reported that, according to the election code, the city's first referendum election must be held by Dec. 8 to meet the time limit set from the filing date of the petition which asked the Council to either rescind a zoning ordinance (No. 739) or call a referendum election.

At the Sept. 28 meeting, the Council voted unanimously to call the election.

The petitioners have taken exception to the zoning ordinance that changed the zoning from R-3 (apartments) to M-1-S (industrial) on a six-acre parcel adjacent to the Winchester Drive-in Theater on which the theater people desire to place a third screen. The theater now has two screens on the property adjacent to the six-acres.

The move for the referendum was spearheaded by several planning commissioners and residents of the mobile home park adjacent to the theater who opposed the third screen.

The second reading is also scheduled Tuesday of an ordinance that would allow a drive-in theater within 1000-feet of residential areas.

In a related matter also to the referendum election, City Manager Bob Stephens is recommending that the City Council allocate $5000 from the city's reserves for the election expenses.

On the agenda also for Tuesday's meeting is an agreement that has been hammered out with San Jose Cable TV, a firm that has the CATV franchise in Campbell, which would increase the city's income from the franchise an additional $7500 over the 2% of the gross factor in the franchise. In turn, the City of Campbell will approve the increase in monthly rates from $4.95 to $5.95 to correspond with rates in other cities.

AT PLANNING COMMISSION

Four-plex plans draw opposition

An overflow crowd, largely made up of residents from adjacent areas, on Monday night at the Planning Commission meeting vigorously indicated that they opposed anything but single-family homes on the 31-acre Amato property on W. Campbell Ave. and extending to Latimer.

But the residents did not have to fire a shot.

The applicants for the zone change and a proposed four-plex development on the property, Charles W. Davidson Co., consulting engineers, and the Amato family, withdrew their application before the public hearing got under way.

The applicants' representative, in asking for approval of the withdrawal, reported that they were aware of the opposition of the people and indicated that they might reapply later with a plan that would be more acceptable. The Commission approved the withdrawal request by denying without prejudice the zone change application.

But, although no hearing was necessary, various members of the audience made their feelings known to the Commission that they opposed any type of development that would change the present single-family zoning that is now in effect.

In a somewhat related matter, because a similar four-plex development (on 88 lots) is planned for the former Gomes Ranch (between Latimer and Hamilton) the Commission continued until Oct. 19, any action on the approval of a new subdivision map for the property.

In the discussion preceding the continuance motion, various commissioners indicated that they did not approve of the four-plex plan on the property on the basis that the area had been designated for a higher density.

It was pointed out that the general plan specifies the area for a density of 25-35 per acre and the four-plex development would only be 17. The original plan that has been withdrawn called for a town-house complex of high density.

The commissioner maintained that the general plan was a guide-line to balance the density ratio throughout the town.

No motion, however, was made to deny the application for that reason because City Attorney Joe Bonacina indicated he did not think that the basis for denial was adequate. He pointed out the staff had submitted that the

Burglars hit several homes

More than $7,000 in goods was reported stolen from a Campbell residence last week. Stephen Lee Drake, 1086 Hazel, informed Campbell Police that his residence was entered sometime between Wednesday and Friday and numerous items were missing.

The burglars apparently forced open a rear window and ransacked the master bedroom, as well as other rooms in the house. Taken was a sewing machine, hair dryer, can opener, fry pan, coffee pot, iron, waffle iron, toaster, silver service, typewriters, guitar, camera, projectors, blender, razor, sheets, towels, jewelry, including watches and rings, books, coins and many items of clothing.

Henry A. Weitzel, 191 El Caminito, reported that his home was apparently entered between 4:30 and 9:30 Friday evening and coins valued at more than $50 were missing.

An apparent daylight robbery was reported to Campbill Police by Joann B. Boyes, 1649 Silacci Dr. Jewelry was taken when the house was entered.

Two men have been taken into custody following a suspected illegal entry of the office of Dr. John C. Christerson, 621 E. Campbell Ave. The two men were noted loitering around the Campbell Medical Center Monday night.

Campbell gets new assistant to city manager

John L. Ruppel, Jr. 32, has been appointed to the position of administrative assistant, according to the City Manager Bob Stephens.

Ruppel, who will join the city staff on Oct. 19, replaces Carl F. Kuhn, who served as assistant to the city manager prior to his appointment as assistant city manager of Pacifica.

Ruppel was born in Chicago, and graduated from the Seattle Preparatory School, Seattle, Washington, in 1954.

He received his B.A. degree in 1961 from the University of Notre Dame, where he majored in Political Science.

Following graduate work at Arizona State University, Tempe, Arizona, he received his Master's degree in Public Administration.

Ruppel has just completed one year as an Administrative Intern at the City of Tempe, Arizona.

Prior to beginning his career in public administration, Ruppel served for seven years in the U.S. Air Force as a navigational flight instructor with the rank of Captain.

Ruppel and his wife, Lena, plan to locate in Campbell in the near future.

C of C approves city actions

Campbell Chamber of Commerce directors by resolution have expressed approval and support of the City of Campbell in the establishment of architectural and site approval applications.

The resolution, which applies to developments to be constructed within the city, was adopted by the directors at their meeting last Thursday.

The directors also voted to support the county transit proposal (A) on the November ballot.

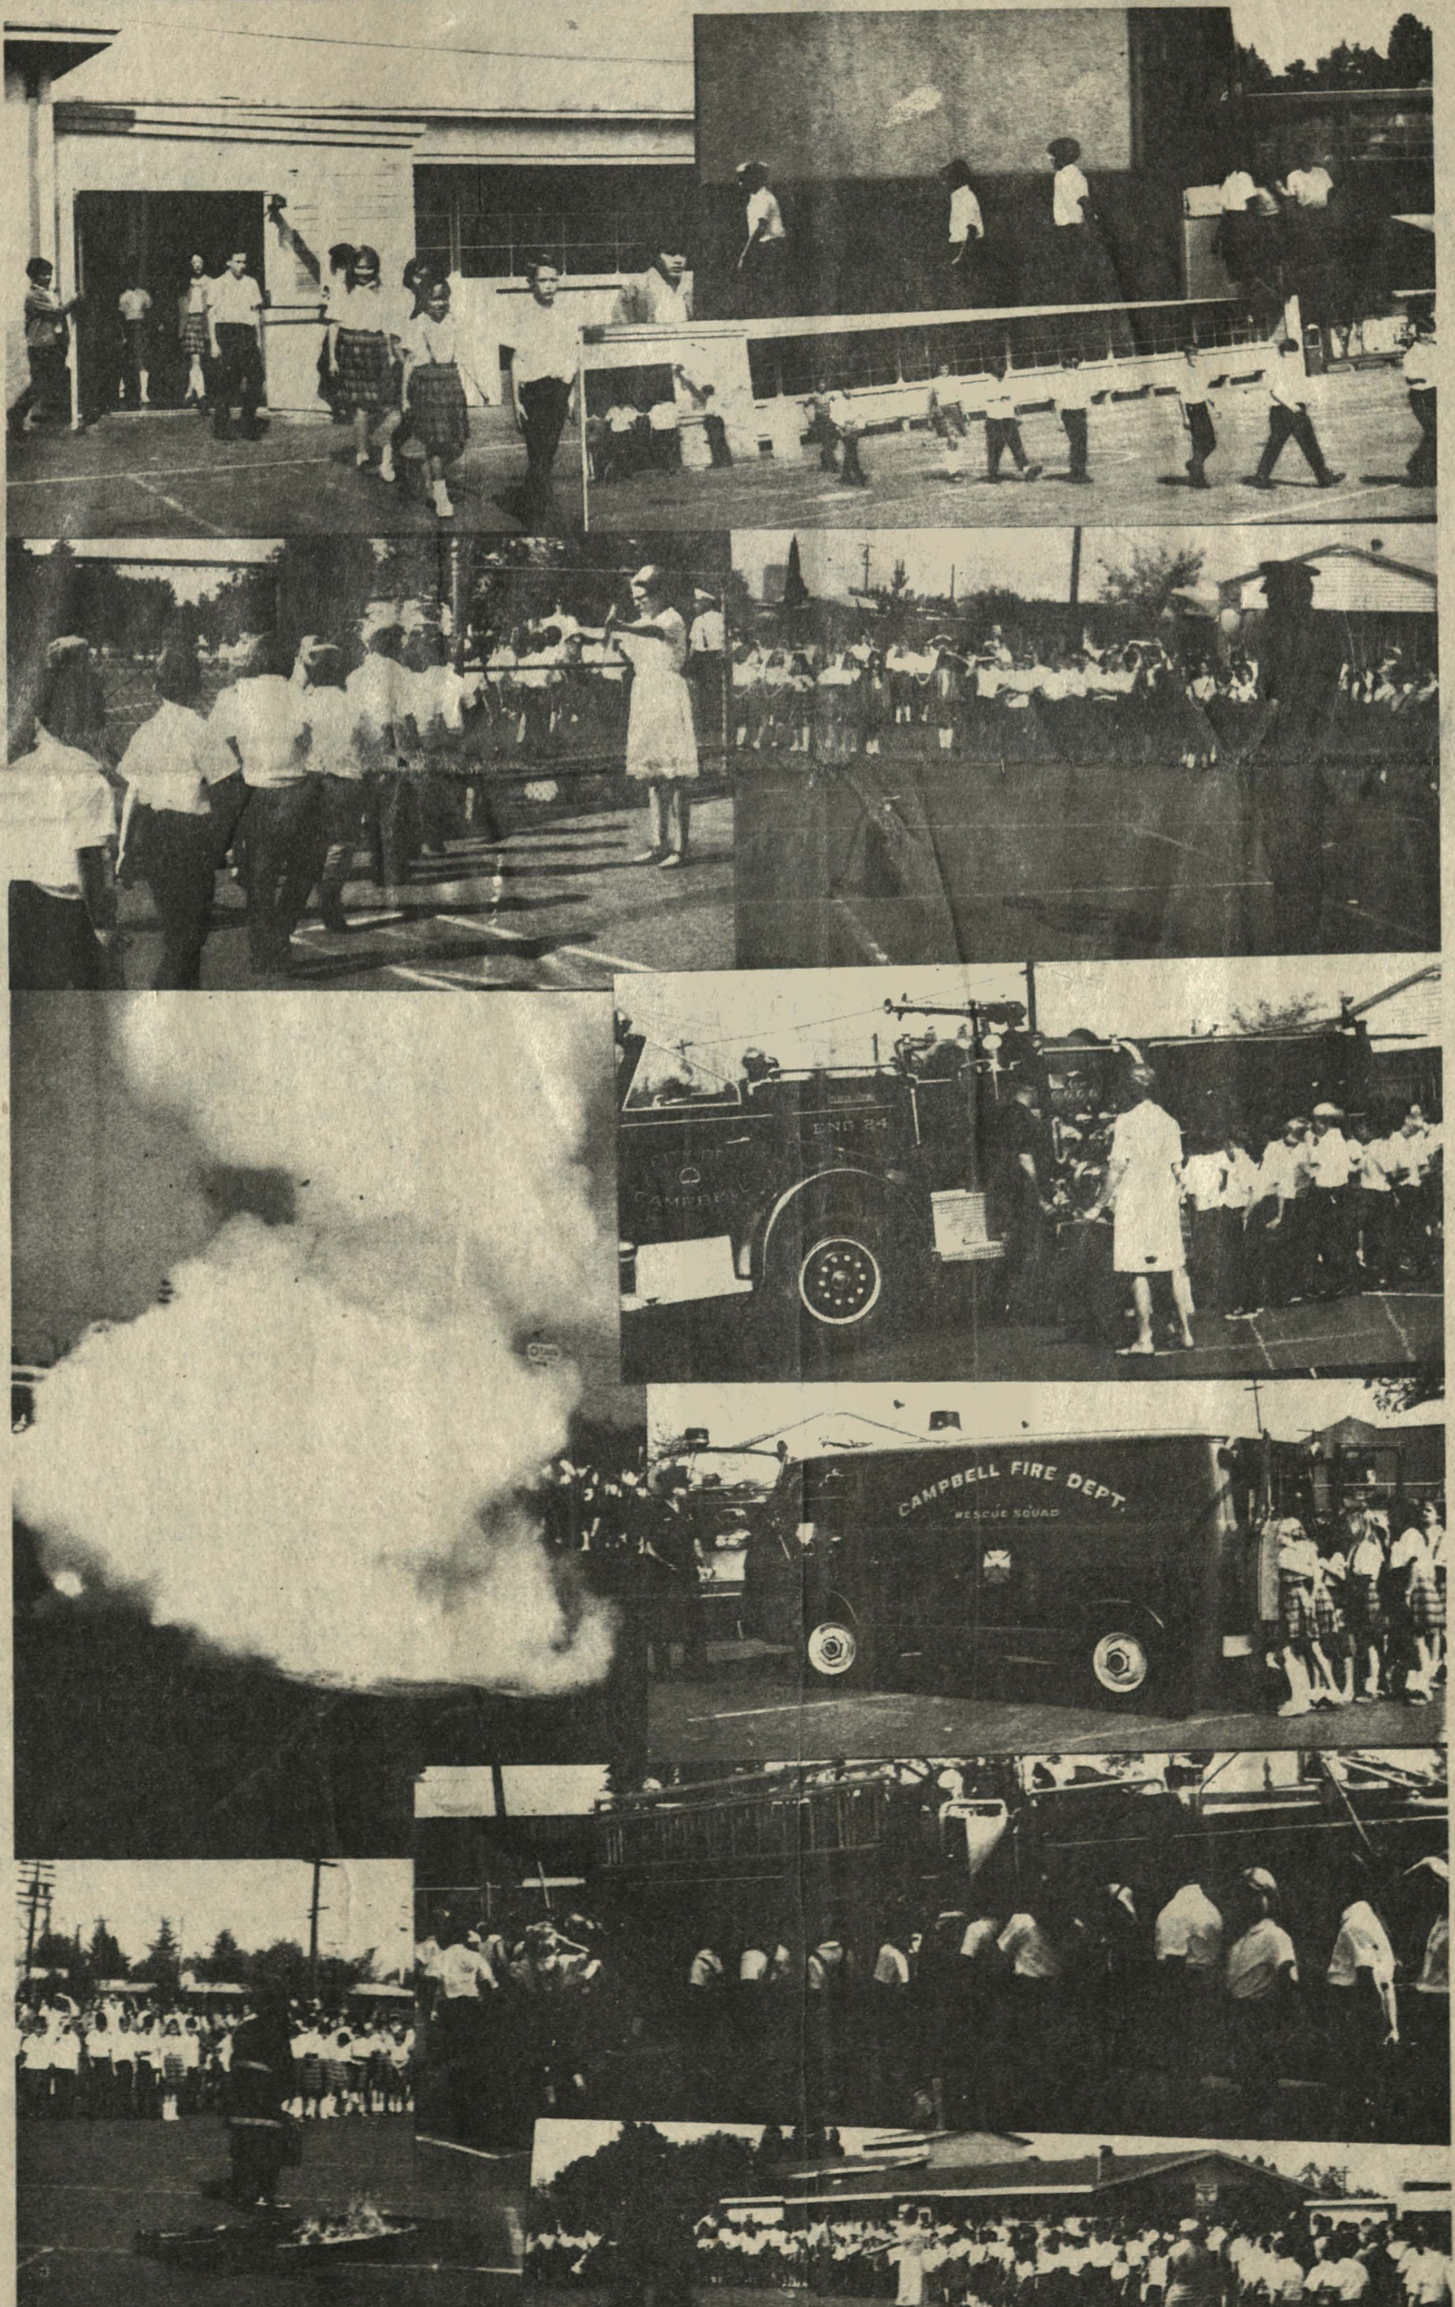
Committee seeks board hearing

Chairman of a citizens committee which has been studying the financial needs of the Campbell Union (Elementary) School District is expected to request a hearing at the board of trustees meeting at 155 N. Third St. on Thursday evening at 7 p.m.

Ken Burmeister, chairman of the Citizens Advisory Finance Committee, which was formed at the direction of the trustees on Aug. 6, has announced that although his committee is not slated to make final recommendations to the trustees until Oct. 22, he does want to air certain preliminary items and call for board action.

On the committee with Burmeister are: Henry Mestice, Ed Fabbri, Mrs. Jeanette Watson, Buck Austin, Gordon Abbott and Dr. Robert King.

At the Oct. 1 special school board meeting, the citizens committee, recommended to the trustees that the business manager of the district be dismissed.



Fire Prevention Week features drill at St. Lucy's

SCHOOL CHILDREN PARTICIPATE--According to Fireman Bill Thompson, who directed the drill, it took only 40 seconds for the more than 300 youngsters attending St. Lucy's School to file from their classrooms during a fire drill held on Monday afternoon. Thompson complimented the school children and teachers for the orderly manner in which the drill was conducted as well as the speed in which the classrooms were emptied.

Although the drill at St. Lucy's was scheduled during Fire Prevention Week (Oct. 4-11), the Campbell Fire Department conducts a year-around fire prevention program in all the schools in the city.

Fire equipment is brought to the schools and a fire drill is held at which the equipment is demonstrated. A fire is started and extinguished by the firemen as part of the demonstrations. The top photos show the youngsters filing from their classrooms in an orderly and efficient manner. Another photo shows Fireman Thompson with bull-horn addressing the students.

Engineer Fred Jones is describing the fire engine to a group in another picture while in another curious youngsters inspect the rescue wagon.

In one of the lower photos Fireman Allen draws back as he starts the fire while directly above the white smoke spreads just before the fire was extinguished.

The drill was under the overall supervision of Fire Captain Bob Terwilliger.

fiscally speaking, of course.

So it means our staff is spread out pretty thin and we have to weigh situations pretty carefully as to our spread, especially when it means setting aside four or more hours for detailed coverage.

So we plead guilty on that count.

We make the choice and it is never right...to some people, naturally.

-0-

FOR EXAMPLE FROM that aforementioned AFT bulletin again: "It was a shame that George's interest waned so quickly after the first act. His rapid departure will prevent his meeting his obligation to the public to report on all events which transpired."

Aside from the fact that we were already an hour late for another committment, that bulletin statement is a lot of hogwash.

We admit to not being a pro in non-controversial technical educational matters that comprise most of a school board's agenda and which are a matter of record via the minutes. Our first hand "reporting", in our opinion, would serve no useful purpose without a proper background.

We will try to attend as many board meetings as our time will allow.

But, if we leave before adjournment, be charitable and understanding about our exodus.

Or is that asking too much?

THERE IS NOTHING WE can do about it when people deliberately misinterpret what has been written.

It is an old game to read into a story implications that were not intended.

One writer, for example, maintained that our news story of the 2-2 split on the board could be interpreted that the vote would have been 3-2 in favor of the motion, if Ralph Steinburg had been present

But what's the use?

If a person is going to read something that doesn't exist into an article, there is nothing in the wide world one can do about it. The field is unlimited.

Shucks, there is no beginning or end.

-0-

"UNPRECEDENTED ACtion" is the way we described the situation last July when three board members endorsed Mrs. Joan Franks and one member supported Mrs. Ruscigno for the one vacancy that existed.

Some have claimed that our wording was in error.

In February, it was pointed out that a board member, Jim Gilliland publicly supported George Tally for a vacancy on the board. That is true.

But we claim it was "unprecedented" when an entire board membership took sides as they did in July.

But there again we may be involved in semantics.

We are willing to retract "unprecedented", if it will help resolve matters in anyway. And, apparently, there is a lot to be resolved.

But, at least, one problem was settled at a recent board meeting...i.e., parking spaces for board members.

-0-

BOARD MEMBERS WILL now have parking spaces at the administration office when there is a board meeting scheduled.

Mrs. Eleanor Graham-Armstrong, a long-time school trustee, was late arriving at the last meeting and reported that she had spent a frustrating 15-minutes driving around trying to find a parking space.

Apparently, West Valley College students attending night classes park their cars in all available spaces. Coupled with the fact that about 50 to 60 other people are attending board meetings, finding parking is quite a problem.

But now there will be reserved parking spots for the trustees.

There was no opposition to that action.

The other problems are considerably more complicated.

And will not be resolved merely by painting stripes on concrete.

We wish that was all that had to be done.

Letters to the Editor

DISAPPOINTED

Editor:

I am very disappointed in the lack of objectivity in your Sept. 30 account of the most recent Campbell Elementary Board of Trustee meeting.

The many parents, not to mention the teachers and administrators present are very much aware that the early part of the evening was well planned to suit the purpose.

I want to commend Dr. MacQuiddy for handling a difficult situation in a mature and gentlemanly fashion that does justice to his office.

It is unfortunate that Mrs. Ruscigno and a few others have underestimated public attitude toward her successful election to the school board. The majority of people who supported other candidates in the July elections accepted defeat at the polls and were hopeful Mrs. Ruscigno would do a great job for the district. In other words, "she deserves a chance to try".

I am afraid she has let all of us down, whether we voted for her or not, through her inappropriate action during the board meeting. I suggest that the "July voting" was not the time "sides were chosen", rather, Mrs. Ruscigno initiated that action, if such does occur, on her own accord during the Sept. 24 board meeting.

I am sorry Mrs. Ruscigno has chosen to start her personal campaign at a time when we parents are working desperately side by side with our childrens' teachers to insure a high level of education in spite of a strained budget. Our energies are spent on this—we don't have time to fight a potential split due to politics at any level of the district operation.

Sincerely,
Mrs. Virginia Vaughn
355 Sobrato Drive.

CONCERNED

Dear Sir:

As a concerned parent of the Campbell Elementary School District, I am compelled to write this letter to help, in some way, clarify some of the inaccurate and misleading "reporting" you printed after the last regular Board of Trustees meeting of the C. U.S.D. Sept. 24.

I was also in attendance at that meeting, something I have been in the habit of doing for the past two or three years on a regular basis. As a matter of record, I believe I have missed fewer Board meetings than some of our own Board members. To my recollections, this was the FIRST time the editor of this paper was present.

Consequently, I am very curious why you chose THIS MEETING to cover for your paper, particularly when you left the meeting right after the correspondence portion of the agenda, and more specifically RIGHT AFTER Mrs. Ruscigno's motion was made (and failed to pass) asking our current Board President, Dr. Richard MacQuiddy, to resign his position. It was quite evident, Sir, to all in attendance, that you must have been "tipped-off" by someone that something out of the ordinary was going to happen that night.

In reporting the incident that occurred, it is my opinion that at least two misleading interpretations were made by your paper. First, it could be interpreted that if Mr. Ralph Steinberg had been present, the vote may have gone 3-2 in favor of the motion. The fact was made clear at a special Board meeting last night (Oct. 1) when Mr. Steinberg set the record straight publicly that he most certainly would have voted against the motion and that Dr. MacQuiddy has his full support and confidence.

Secondly, the indication has been made by your reporting that Mrs. Ruscigno based her motion, at least partially, on the correspondence read to the Board by the President of C.E.T.A. This, I know for fact, could not be further from the truth.

Now for the inaccuracies of your article. You printed that an "unprecedented" move occurred in the July campaign for the vacancy on the Board, when three current Board members "endorsed" one of the candidates. Let's set the record straight. This precedent was set during the February campaign when Board Member, Mr. Jim Gilliland publicly endorsed in your paper (as others) Mr. George Tally for the vacancy on the Board, won by Dr. MacQuiddy, and again in July when he publicly endorsed (as a Board Member) Mrs. Ruscigno's advertisement in your paper. THE TRUE FACT OF THE MATTER IS - that the only precedent set was with YOU in your editorial copy when you endorsed a candidate, (Mrs. Ruscigno) for a position on the C.U.S.D. Board of Trustees, which you, in fact, stated in your editorial, was an exception you were making. Again, I emphasize - this was the precedent that was set.

I am delighted, Sir, that according to your last editorial remarks, you are NOW aware of SOME of the problems facing the C.U.S.D. It is my utmost desire that you will take the time from your busy schedule and cover ALL the Board Meetings in the future, for it is in this way to truly find out what is happening in our District. I'm concerned, as I'm sure most of us in the community are, and evidently your concern was indicated in your editorial; consequently, I'm looking forward to honest, accurate, factual reporting on future C.U.S.D. Board Meetings in behalf of the Campbell Press.

Thank you for your time.

Yours truly,
Bob Lemmerman
Concerned Parent

TEACHER RESPONDS

Dear Editor:

Speaking as President of the Campbell Elementary Teachers Association and in regards to the developments in Campbell Union (Elementary) School District, to which you speak in last week's editorial, I am certain all the teachers agree with your suggestion that "a good hard look at the situation is needed by all concerned."

In the way of furthering your idea, I suggest that (1) each school principal encourage his Parent Teachers Association or Home and School Club to send at least one member to every school board meeting so they may report and hopefully discuss what they see and hear; (2) local service organizations send a volunteer to the board meeting.

Or, if that seems to involved, a C.E.T.A. representative be asked to speak on "their" concerns to the PTA., Home & School Clubs or local service organizations.

C.E.T.A. would also gladly provide, for your publication, news of the district.

All of the above seem to me viable avenues to begin resolving, in a reasonable manner, the now nearly debilitating problems progressively more evident at each board meeting.

C.E.T.A. leaders are admittedly and with good cause, I believe, alarmed not only at the extent of the district's problems, but with the confusion surrounding the many issues.

The confusion is reflected, for example, even in your editorial. On the one hand you quote me, support our intention and say the teachers are doing just what they have every right to do, yet you turn around and blame the teacher leaders for causing the problems.

It seems more in the tradition of journalism to first investigate smoke than to immediately accuse the reporter of arson. If you should decide to complete your responsibility and investigate further I contend you will discover the pressures to which you refer do indeed originate with a too familiar, political special interest group. However, I hope you have not been affected by the season and joined a witch hunt. Maybe there is more behind the scenes than meets the eye.

Speaking as President of C.E.T.A., we invite all concerned citizens to our schools and Board meetings, with a special invitation to the editor, to come and stay awhile for a truly good, hard look.

Sincerely yours,
Herb Wadley, President
Campbell Elementary T.A.

Villa Montalvo is setting for Kaiser -Scroggins wedding

A Renaissance pageant with all members of the wedding party, as well as many guests, was the costume of the day when Henry W. Kaiser of San Mateo claimed Kimberley K. Scroggins of Saratoga as his bride.

The ceremony was conducted in the garden court of Villa Montalvo in an 11 a.m. service performed by Rev. John Duncan, formerly of Campbell, long time friend of the bride and her family.

Renaissance banners decorated the grounds and large multicolored floral arrangements banked the ceremony site.

Kimberley wore a cream colored crepe full length gown with a short train, all-over shirred sleeves and bodice in the Renaissance style. A halo of lily of the valley graced her head with ribbon streamers falling down to the floor, interspaced with bows. The lily of the valley was repeated in her bouquet, along with white roses and stephanotis, making a star shaped bouquet.

Her maid of honor was her cousin, Lorian G. Ink of Los Altos. Bridesmaids were Leila Quale of Los Gatos and Marian Haworth of San Mateo. All were dressed in full length brocade Renaissance gowns and carried multicolored bouquets.

Robert Stephenson of San Jose served as best man. Usher duties were performed by the bride's brother, Michael D. Scroggins of Santa Cruz, Philip Fouts of San Mateo and Mark Ammerman of Campbell, both friends of the groom and Eric Quale of Los Gatos, a cousin of the bride.

Westmont High School and University of Oslo in Norway were two of the bride's schools. She also attended Conservatorio Cherubini, Florence, Italy and graduated from San Jose State College with distinction last August.

Henry attended San Mateo High School and San Jose State College. Following his graduation last January he spent several months in Europe completing a ski film and is now employed as a production assistant with Mendelson Films in Burlingame.

The series concludes April 14 when The Amazing Kreskin appears.

The "Mr. E.S.P." who keeps his audiences astonished with feats of mental telepathy, hypnotism and psychosonics now has his own TV program.

Eastfield, the haven for children for which the League works, began in 1867 as the Home of Benevolence, a refuge for orphans, half-orphans and children from broken families.

Current president of the League is Mrs. Jerry C. Dusthimer. Eastfield is located at 251 Llewellyn Ave.

The league was formed in 1961 to provide financial aid and keep the public informed of the agency's various functions. Financing of Eastfield has always been a community project, with United Fund support.

Volunteer help needed in center

Campbell's Head Start preschool and its related St. Lawrence Day Care Center are seeking volunteer help in their classrooms.

Head Start operates from 9 a.m. to 12:30 p.m. and the day care center from 7 a.m. to 6 p.m. in facilities donated by St. Lawrence Episcopal Church at 65 W. Rincon Ave.,

During the morning hours, adult volunteers are needed to help individualize the attention given the children in Head Start school's readiness program for low-income children.

In the afternoons, adults and college, or mature high school students can help to enrich the educational and supervised-play program for the 17 three to seven year-olds who stay there.

Wheel toys, particularly good used tricycles, pedal cars and a sturdy doll buggy are needed by the joint program also, as are table games and puzzles.

People with donations or those who wish to volunteer are asked to call Mrs. Jules Pearlman, volunteer coordinator, at 269-0108.

TO SUPPLY HELP --- Bruce Moritz, business training department head from Metropolitan Adult Education Program, discusses with Brad Fregger of Grodin's, how the Christmas Sales Training Program sponsored by MAEP in conjunction with California State Employment Service and the Association of Metropolitan San Jose will benefit merchants seeking Christmas help. The free training program will be conducted Tuesday, Wednesday and Thursday, Oct. 13, 14 and 15 at San Jose Civic Auditorium.

HELPING THE CUSTOMER-- Mrs. Jane McNair, right, shows Metropolitan Adult Education Program publicist Shirley Hartman how sales personnel must learn techniques of merchandising. MAEP is planning a Christmas Sales Training Program at Jay McCabe Hall, San Jose Civic Auditorium, next week.

Free sales training sponsored by adult education

Need a seasonal job to help with Christmas expense?

The 23rd annual Christmas Sales Training at Metropolitan Adult Education is designed to help get one. Developed in cooperation with the California State Employment Service and the Association of Metropolitan San Jose, the three day training program stresses the psychology and techniques of selling on a personal basis–the prerequisites necessary to keep and extend a loyal clientele.

Recognizing this, local major retailors offered 80 per cent of qualified graduates jobs last year. Nearly one half of those were retained as permanent employees.

Training will be held Oct. 13, 14, and 15 in the Jay McCabe Hall, San Jose Civic Auditorium, from 8 a.m. to 4 p.m. daily. Subjects this year cover:

Why People Buy, Arithmetic As A Selling Tool, The Buying Process, How's Your Sales Attitude?

Sell Yourself and Then The Product, May I Help You?

Teachers will be drawn from the adult education business department, the Fisher School of Finishing, Pacific Telephone, and the National Cash Register Company.

Classes are completely free; the California State Employment Service will be standing by to help graduates locate jobs. Registration will be at 8 a.m. Oct. 13 at McCabe Hall, or phone 293-5400 for further information.

Students must attend five of the program's six sessions in order to receive the certificate of completion.

Rock Hobbyists will hold swap

The Campbell Gem & Mineral Guild will present their annual "Rock Trails West" at Alpine Park, Curtner and Canoas Garden Rd., on Saturday, Oct. 10 from 10:00 a.m. to 10:00 p.m. and on Sunday, Oct. 11, from 10:00 a.m. to 6:00 p.m.

The show is presented each year with the object of winning new friends for rock hobbyists, as well as displaying our craftsmanship and know-how for comparison by old friends and the more sophisticated hobbyist.

On display will be exhibits of various gem and art forms, including Nature's own minerals of the hobby, craftsmanship being done by members as well as guest exhibitors from neighboring clubs.

Also featured will be gem and mineral dealers with materials to interest persons in all facets of the hobby.

An outside Rock Swap Area will be available to those interested in swapping materials.

VAULT FOR NEW BANK SHAPES UP--Ira Kirkorian, owner-developer of the Kirkwood Plaza Shopping Center at San Tomas Road and Campbell Ave., poses in front of the steel forms used in the construction of the vault for the Campbell branch of the Hibernia Bank which will be located in the center.

The building, which is scheduled to be completed in December, will house the first Hibernia branch in the area.

According to Kirkorian, it took 15-tons of steel and 145 tons of concrete to build the vault.

Kirkwood Plaza Center is marking its fifth anniversary this week.

Kirkwood Plaza center marks fifth anniversary this week

On Tuesday (Oct. 6) of this week, Kirkwood Plaza Center, located at San Tomas Road and Campbell Ave. marked its fifth anniversary and, as Paul Landwehr, manager of the center, points out "it is still growing".

The most recent addition to the Kirkwood Plaza Center complex is the huge new auto center with its 23-bay capacity. When the auto center is completed, Landwehr claims it will be the only complete auto center within a shopping center in the entire Santa Clara Valley.

Ira Kirkorian, owner-developer of Kirkwood, said that in addition to the auto center, two other commercial projects, totalling about 40,000 square feet are under construction and are scheduled to be completed before the first of next year.

Kirkorian reports that much of the space has already been leased that will bring in new types of businesses for the center which will offer a greater selection of goods and services.

According to Kirkorian, there will be at least 50 businesses in the center by the middle of 1971 and "one-stop" shopping will be the center's biggest feature. The "one-stop" will include a bank (Hibernia). The bank building is now under construction and should be completed by December.

During the anniversary celebration the merchants in the center are making extra efforts to mark the occasion by offering special values and prizes.

ON CAPITOL HILL

with "Charlie" Gubser

With the General Election less than four weeks away, the biennial "shell game" of voting records is again running at full tilt. Voting records by the dozens are circulating across the country which aren't worth the paper they are written on as indicators of a Congressman's performance.

By careful selection of the issues in a voting record, it is possible to prove a legislator as anything from a radical leftist to a right wing extremist. In 1962 three right wing groups rated my conservatism.

One gave me an 82% rating, but another rated me 61% liberal-socialist and only 39% conservative. This same group labeled Congressman Walter Judd, one of the foremost fighters against communism, as 74% "soft" on it.

Any statistician or polling company worthy of the name will tell you that "voting records" are simply not reliable in assessing a legislator's record. They are too easy to rig and the choice of issues is usually manipulated to serve a political rather than an educational purpose.

The newest voting record to hit the streets is compiled by the so-called "League of Conservation Voters" in cooperation with "Friends of the Earth". This latter organization was organized by a former executive secretary of the Sierra Club after he was fired by the membership.

The "League of Conservation Voters", the political arm of "Friends of the Earth", is openly soliciting funds to be used in selected political campaigns.

This so-called "voting record" used ten votes. Three of them were purely parliamentary procedural and not environmental matters. One of the other votes occurred in 1961, another in 1962, one more in 1965, and three in 1966.

Interestingly enough, the alleged record ignored such key issues of the current Congress as the bill to create a Joint Committee on Environment, the Clean Air Act of 1970, a bill concerned with solid waste disposal, the Water Pollution Control Act, the Environmental Quality Act, and a Public Works appropriation bill which included $600 million for water pollution control.

This session of Congress has voted on dozens of environmental bills, yet "Friends of the Earth" only saw fit to include three votes in the current session – and all three were on parliamentary matters. As one Congressman said, "They measure the shortest distance between two points with a curved ruler."

Congressman Thomas Rees, a Democrat of California, has light-heartedly lampooned the voting record racket by creating the "AGH" rating (Americans for Good Habits). Rees selected 13 roll call votes on which everyone agreed and not a dissenting vote was cast. This included votes like increased compensation for disabled veterans which passed 389-0.

Said Congressman Rees: "The AGH rating was a godsend to my last campaign... During one appearance, a conservative audience was raising cain over my disastrous 0% rating from Dan Smoot and my abysmal showing with Americans for Constitutional Action. I put them at rest with my 100% rating by the Americans for Good Habits."

PRESENTS FLAG--West Valley Post 158 presented an American Flag to the American Heritage Academy recently, led by Post Commander William Broadstone. Nimerick, post adjutant, Harold Rhinehart, flag chairman, and Kathleen Steele, teacher.

Accreditation sought by WV

A formal application for accreditation by the Western Association of Schools and Colleges was made by trustees of West Valley Joint Community College District Thursday night.

West Valley received a three-year accreditation by the association in July of 1968, which will terminate on June 30, 1971. A team from the commission will visit the campus in early November for their evaluation of the manner in which the programs of the college meet the objectives and goals established by the governing board.

The results of this visit will determine whether or not the college will be accredited and the term of accreditation. Full accreditation to a college enables students to transfer work taken there to other colleges and universities.

In other action Thursday night, trustees: approved eight non-credit, non-graded classes for adults including a pre-ski exercise clinic and a course on California history, offered through the Office of Community Services.

A resolution was adopted commending students of Blackford High School for their recent action of planting an olive tree to call attention to the need for world peace.

Cast its ballot for board member Foster Lopes, candidate for the 1970 Region 20 Delegate Assembly of the California School Boards Association.

Adjourned the meeting in memory of Tom Lucitt, Greg Thompson, and Wayne Freitas, all students at West Valley College. Lucitt died Sept. 24 at Stanford Hospital after heart surgery. Thompson and Freitas died in August in an automobile accident.

Can alcoholism be cured?

Many advanced cases of alcoholism have been totally cured when individuals learned to rely on God, rather than alcohol, to cope with life's problems. For many, the desire for drink vanished instantaneously, and has never returned.

Senior citizens must file claims by October 15

Oct. 15 is the deadline for senior citizens to file claims for a refund on their 1969-70 property taxes, according to Martin Huff, executive officer of the Franchise Tax Board.

The State program refunds a portion of the property taxes paid by persons 65 years of age or older who have low incomes. The money received under this program never has to be repaid and no liens are filed on the claimant's property, he said.

To be eligible for Senior Citizens Property Tax Assistance, claimants must be over 65 years of age as of January 1, 1970; must own and occupy their own home; must have paid the property taxes on the home; and must have a total household income of less than $3,350. Qualified individuals can obtain claim forms from any office of the Franchise Tax Board or by writing to Senior Citizens Property Tax Assistance, P. O. Box 1588, Sacramento, Calif. 95807.

Huff indicated that qualified senior citizens are entitled to both the $750 reduction in assessed valuation under the Homeowners Property Tax Relief Law and the Senior Citizens Property Tax Assistance on the tax paid.

To receive Senior Citizens Property Tax Assistance, a claim must be filed each year with the Franchise Tax Board, Huff said.

CLEAN AIR DRIVE---Months ago, workmen were busy at Andy's Sunnyoaks Shell Station digging a large excavation. When questioned about it, Andy's laconic reply was, "We're going to clean up your gas". Today that statement has come true with the announcement of a new Shell gas without any lead at all, now on sale at Andy's.

In the photo above, Andy Anderson, right, and station employee Jim Marquardt get ready to serve a patron from the new "Shell of the Future" pump. The station is located at Winchester and Sunnyoaks.

The Green Berets, of the PAL football league, have won their fourth straight game. The unbeaten team went against the De Anza Knights. With 650 yards in rushing, the Berets ran up a score of 57-6. Touchdowns were made by M. Flynn (3), T. Bournes (2), K. Ucci (1) and T. Bojorquez (1). Six PAT conversions were completed. Three extra points were awarded the Berets for R. Putnam's 37 yard field goal attempt.

The Red Berets, of the Jr. Midget Division, also won their stand against the Branham Chapparals.

SOCCERMEN LOOK TO UPSET

The West Valley Viking soccermen suffered their first setback of the 1970 season last week as they fell 2-0 to San Francisco City College but will attempt to regain a share of the Western Junior College Soccer Conference top spot as they challenge unbeaten Canada College Friday at 3:15 p.m. in Redwood City.

Canada knocked off Chico State 2-1 last week.

HARRIERS PULL SWEEP

West Valley College's cross-country squad hopes to continue their best season ever as they take part in the Sacramento State Invitational next Saturday after opening with rousing clean sweep wins over Diablo Valley and Skyline Colleges.

The Vikings outclassed Skyline 15-50 last Friday as Les DeVoe raced to a first in 21:40 over the rest of the field.

WVC GRIDDERS RANK IN TOP TEN

The 1970 West Valley College football season is beginning to look like an instant replay of 1969. For each of the past two years, the Vikings have easily handled their first two foes, sneaked past their third game opponent, and then battled a tough American River in their fourth grid encounter.

WVC, bouncing back from a 21-20 win over Ventura last Saturday, host American River College at 8 p.m. Friday at Spartan Stadium.

American River held the number three spot in California at this time in 1969 and WVC moved into the ratings with the victory.

This season it is West Valley in the top ten and a tough Beaver squad will be out for revenge.

Three community colleges offer joint rehabilitation program

Three community college districts have joined together in a cooperative vocational rehabilitation program aimed at assisting students who have a medical disability (either physical or emotional).

West Valley joined San Jose City and Ohlone College this year in a pilot program for the state. Under the program, a vocational rehabilitation counselor from the State Department of Rehabilitation divides his time among the three campuses counseling students with medical disabilities.

According to James Whelan, counselor for the three schools, there is a very real need for this program. "For every person who is demonstrably medically disabled there are 10 persons who are eligible but whose disabilities cannot be seen", he declared.

The program is designed to help disabled people overcome their handicaps and secure employment. Services provided under the program are very broad in scope. They include: medical diagnosis to determine the nature and extent of the disability and the need for medical, surgical or psychiatric treatment; counseling and guidance to help discover a suitable rehabilitation plan and employment objective; physical restoration to remove or reduce the employment handicap; vocational training to prepare the client for employment compatible with his physical and mental ability; and job placement in keeping with the individual's physical condition and vocational ability.

Whelan has great hopes for the program, first of its type in the state involving community colleges. For the next year, Whelan will spend two days a week each working with the counseling staffs at West Valley and San Jose City College and one day a week at Ohlone College in Fremont. At the end of the year, the program will face evaluation before a decision is made to continue and expand it.

plan met the city's zoning requirements.

The matter was continued to allow for more research.

Prior to that continuance action, the Commission had also continued for a month the proposed modification to the city's subdivision street ordinance that would allow for narrower streets in some instances. Under the modification, the streets in the tract under discussion could be 45-feet to allow for more off-street parking and landscaped areas.

The developers, Valley Title Co. and McKeon Construction, had submitted two maps, one showing the standard 60-foot streets and the other 45-foot.

In other matters on Monday night, the Commission approved the plans for a Colonel Sanders restaurant at Winchester and Latimer. The original plans submitted had been changed to meet the Commission's desire for a design that was similar to one in Santa Clara. The applicants, Harman Managers' Investment, Inc. agreed to meet the conditions.

Approved also was the request for a revised fencing plan at Baker Trailer Sales, 2105 S. Bascom, and for the modified plans for the Goodyear Auto Center at 1790 S. Bascom provided a different treatment was made to the south wall.

The Commission continued until Oct. 19 the application of Royal Development Co. for a 72-unit apartment complex between Darryl and Marathon at the rear of Fry's Market on Hamilton. The Commissioners indicated that modified plans should be presented to make the complex more compatible to the surrounding areas.

Art Kee, planning director, was instructed to notify the residents in the immediate area so that they would be present at the Oct. 19 meeting.

Approved also was the application of Saf-T-Way Development Co., for a variance to allow a front yard setback at 651 Division in C-H zone (highway commercial) to be 25-feet instead of 45-feet. The firm plans to move an office building on the property.

The commissioners also felt that the zone should be changed on the property to P-O (professional office) and specified that the variance would be in effect until the zoning was changed and immediately took steps to make the zone change.
